

WELDING & CUTTING EQUIPMENT, PPE & ACCESSORIES

PRICE LIST

EFFECTIVE FROM 13th APRIL, 2026

ESAB - SHAPING THE FUTURE OF FABRICATION TECHNOLOGY

No two industries or welding projects are alike, which is why you need a partner that understands your unique challenges. Only ESAB offers complete welding and cutting solutions for the most demanding industries. From filler metals to a suite of digital services, our products are designed and tested to work together for maximum productivity.

The Most Complete line of Welding & Cutting Products

ESAB offers a world of products and solutions for virtually every fabrication, welding and cutting process and application. We serve industries that serve the world, including : Shipbuilding, Aerospace, Automotive, Pipelines, Power Generation, Repair & Maintenance, Process Industry, Transport & Mobile Machinery and more. For each fabrication discipline, continuous development of methods, materials and know how is being developed to meet the challenges posed by the diverse industry sectors we serve.

To: All Authorised Dealers

Dear Sir (s) / Madam (s),

Amended Price List for Welding & Cutting Equipment, PPE and Accessories effective 13th April, 2026

We have been upgrading our product portfolio to align with changing customer requirements. We are also witnessing some changes in input costs for some of our products in the last few months. Due to these changes, we find that there has been an increase in costs of some of our products in our range of Welding & Cutting Equipment. We are therefore constrained to revise pricing for our products.

The amended price list for Welding & Cutting Equipment, PPE and Accessories, copy of which is being forwarded herewith, are being made effective immediately.

Kindly note that this is a preliminary review to partly offset the input costs and the overall impact has been mitigated as far as possible resulting in marginal increase in selling prices of our products. Please feel free to contact any of our Sales Managers based at the regions or the undersigned for any clarification. We look forward to your continued co-operation.

With best regards,

A handwritten signature in black ink, appearing to read "JVR", is positioned above the printed name of the sender.

J.V. KOTESWARA RAO

Business Head - Sales and Marketing (Equipment & Cutting Systems)

General Terms & Conditions:

1. All products shall be supplied from our Irungattukottai (Chennai) plant.
2. All prices are exclusive of Goods & Services Tax (GST), which shall be charged extra as applicable.
3. Products shall be delivered upto transporter's godown of the destination of dealer's registered address for outstation dealers (dealer's registered address is other than the factory location).
4. A nominal freight & handling charge of 3.0% of invoice value shall apply on all Arc Welding Equipment products. (PPE & Acc and IGE shall not attract freight & handling charges).
5. Products may also be delivered on specific request from outstation dealers on door-delivery basis, for which a nominal freight and handling charge of 4% of invoice value shall apply.
6. Product shall be delivered at our factories to dealers, where the destination (dealer's registered address) is same as factory location, for which a nominal charge of 1.5% of invoice value shall apply.
7. Order shall be accepted as per Minimum Order Quantity (MOQ) or multiples thereof.
8. This price list supercedes all our previous price lists and prices are subject to revision without prior notice.
9. Prices ruling on the date of supply shall be applicable.
10. Trade discounts and all other terms and conditions shall be as per our Policy No. Mktg-SP-2026-01 dated 01.01.2026 and amendments thereof.

J.V. KOTESWARA RAO

Business Head - Sales and Marketing (Equipment & Cutting Systems)

[illegible]

A GLOBAL AND DIVERSE INDUSTRY LEADER, IN EVERY SHOP AROUND THE WORLD.

ESAB operates at the forefront of welding and cutting technology. Over one hundred years of continuous improvement in products and processes enables us to meet the challenges of technological advance in every sector in which ESAB operates.

Quality and environment standards

Quality, the environment and safety are three key areas of focus. ESAB is one of few international companies to have achieved the ISO 14001 and OHSAS 18001 standards in Environmental, Health & Safety Management Systems across all our global manufacturing facilities. At ESAB, quality is an ongoing process that is at the heart of all our production processes and facilities worldwide.

Multinational manufacturing, local representation and an international network of independent distributors brings the benefits of ESAB quality and unrivalled expertise in materials and processes within reach of all our customers, wherever they are located.
